Personal

Mr. S. Kendrick Guernsey  
Executive Vice-President  
Gulf Life Insurance Company  
Jacksonville 1, Florida

Dear Ken:

I appreciate very much your courtesy in providing me with a list of members who would be, in your opinion, competent to serve on the Insurance Committee.

I am sure you understand that my purpose in getting these recommendations, not only from the industry, but also from automobile dealers and agents, both of whom in some instances may have antagonistic viewpoints, is to enable me to compile a well-rounded committee which will give fair and proper consideration to all aspects of the insurance industry against the larger background of the welfare of the State of Florida.

With warmest regards I am

Sincerely yours,

C. Farris Bryant
