

October 28, 1962

Mr. John N. Sewell
Vice-President
H. C. Hare Company
Jacksonville, Florida

Dear Mr. Sewell:

I appreciate very much your letter of October 22nd, and in particular the sentiments which you express there about Fletcher Morgan. He is known to me to be extremely capable and broadly experienced as a business man and member of the Legislature.

While no decisions have yet been made as to committee appointments I think Mr. Morgan anticipates correctly that he will be a member of the Appropriations Committee. The constituency of the Insurance Committee has not yet taken shape because there are so many divergent interests which are seeking representation there, and because the number of men who are qualified to serve on that committee is large.

With kindest regards I am,

Sincerely yours,

C. Farris Bryant
