Dear Governor:

Congratulations on your appointment by the President as the Director of the Office of Emergency Planning. It is good to have you back in public service at such a responsible level.

It was a pleasure to meet you at White Sulphur Springs in August of 1963 when I spoke to the Southern Governors' Conference on the Southern Interstate Nuclear Board portion of the program.

I have known Charles S. Brewton, Deputy Director of OEP, for fifteen years. He is a man of integrity, experience and ability.

I hope to have the opportunity of seeing you again soon when I am in Washington.

Cordially,

Nat Welch

The Honorable Farris Bryant
Director
Office of Emergency Planning
