Dear Nelson:

The submission of the Pennsylvania-New York Central merger proposal to the Supreme Court assures early action on this case. I have talked with the Department of Justice on your behalf and conveyed your keen interest in an early -- and affirmative -- conclusion.

At the time of my last conversation (October 13), the Department had not reached a final conclusion as to their position in the case. My opinion is that they will not take a position -- but that is just a hunch.

The President is aware of your concern.

Sincerely,

10-17

Farris Bryant
Director

The Honorable Nelson A. Rockefeller
Governor of New York
Albany, New York
