

May 23, 1966

Dear George:

I would very much like to be in attendance at the Governor's Conference on the Emergency Management of Resources in Alabama, but I am leaving the country on a NATO mission on June 22 and will not, of course, have returned.

I am so pleased at reports of the progress being made in Alabama on this program and hope I can cooperate with you on it at any time in the future that it would be helpful.

Sincerely,

Farris Bryant  
Director

Honorable George C. Wallace  
Governor of Alabama  
Montgomery, Alabama
