Dr. Anghel Rugina, Chairman
Subcommittee on Goals and Procedures
Special Commission on Tourism
15 School Street, Room 202
Boston, Massachusetts. 02108

Dear Dr. Rugina:

I enjoyed so much seeing you in Boston, and have pushed forward on a central statistical standards office in coordination with Bureau of the Budget.

I regret that it will not be possible for me to participate in your symposium in April, as my current travel responsibilities are consuming all of my time.

The task you have undertaken is tremendously important, and I wish you every success.

Respectfully yours,

Farris Bryant
Director
