Dear Mr. Harriman:

It is a pleasure for me to endorse the 1967 campaign of the American National Red Cross. I enclose a statement for use in this year's drive.

I also take this opportunity to express my personal appreciation for the splendid cooperation and close working relationship of your organization with OEP personnel who administer Federal disaster relief programs. This teamwork has led to swift and efficient response to natural disasters.

Please accept my best wishes for a most successful fund-raising campaign in the coming months.

Sincerely,

Signed Farris Bryant
