

January 3, 1967

Honorable John W. Macy, Jr.  
Chairman  
U. S. Civil Service Commission  
Washington, D. C.

Dear Mr. Chairman:

Pursuant to my conversations with you, I would like your assistance in recruiting someone with economic-administrative ability to head up the National Resource Evaluation Center directly under the Director of the Office of Emergency Planning. I attach a description of this position (GS-18), including a statement of the qualification requirements.

Our reorganization should be implemented in the reasonably near future, so I shall appreciate your suggestions at an early date.

Sincerely,

Farris Bryant  
Director
