Bartow, Florida

Dear Mr. Wilkinson:

I am very proud of your remarkable achievement in exceeding your quota in Polk County, and want you to know that your work is an inspiration to me, and to Units and workers all over Florida. I wish that I could thank each and every individual whose contribution made that possible. Since that cannot be done, I hope that you will find some way of expressing our gratitude to the individual workers.

For myself personally, for the State Headquarters, and for all those who will benefit by your devotion to their cause, I thank you.

Sincerely yours,

Farris Bryant
