

WINNING COMBINATION IN EVERY DROP

*No insecticide has yet approached malathion's
combination of powerful, wide-range insect control
and low toxicity to man and animals.*

One drop of malathion is all it takes to kill 300,000 aphids... yet you don't need a respirator or special protective clothing to handle it safely.

For fruit and vegetables, malathion offers control of most major insect pests. It can be used close to harvest *without* residue problems... up to 1 day on some crops, three days on most crops.

For fruit, malathion offers powerful insect control with safe-

ty for finish of sensitive apple varieties.
