W. Germany Invited To Join Schuman Plan Conference

The official representatives of W. Germany, Italy, Belgium, France, the Netherlands and the United Kingdom have been invited by the French Government to the meeting of the Council of the European Coal and Steel Community to be held at the Schuman Palace June 14th.

Pacific Defence Treaty Revived

TALK OF DEVELOPING a Pacific Defence Treaty among the non-Communist signers of World War II has been revived by diplomats in London, as a means of making a peace settlement with Japan.

Such a device might be useful, observers have said today, if the American Government decided that a regular Peace Treaty with Japan was not feasible. It is felt by many that a peace settlement must be arranged by other means.

Military Changes in Turkey Forecast

ANKARA, June 12 - Further changes in the high command appear certain if Mr. Churchill visits the High Commander-in-Chief, Gen. Sir Henry Maitland Wilson. The British Prime Minister is expected to come to Turkey later this month.

The Turkish armed forces are considered a menace to the stability of the Near East and it has been alleged that they are on a war footing. This is denied. The High Commander-in-Chief, Gen. Sir Henry Maitland Wilson, visited the United Kingdom last week and the British Government was said to have warned him of the danger to the stability of the Near East.

A Logical Application

For lower speed and lower operating costs, the in-line, multi-cylinder, air-cooled engine is the one for the present. It is the engine of choice as it has the lowest total cost. The engine is designed for use in the in-line, multi-cylinder, air-cooled engine.
