Why Not A Union For Cricketers?

Indie Tourists Share In Profits

LONDON (By Mally)

Some day, perhaps, we shall have a Cricketer's Union. The Union Pass for the current season would lose some of our county pros if the game will be improved.

We watched with some interest the match between Essex and Middlesex, which was decided by the Essex spinners. It was a good example of the game at its worst, as the Essex bowlers were not at their best. The weather seemed to affect them, and they seemed to be aiming at a high scoring total. The match was over in less than two days, and the Essex team did not bowl well. They had a place in the semi-finals, but it seems unlikely that they will be able to bowl well in the semi-final.

In South Africa, where the hoteling has been good, the weather has been bad. The weather seems to be affecting the game, and the players seem to be aiming at a high scoring total. The English Coaches Resent Blame

By Frank Rostow

The English Coaches are not happy with the idea of the English team playing in the World Cup. They feel that the English team should be allowed to play in the World Cup, and that the English team should be allowed to play in the World Cup.
