U.N. Get American Ultimatum On Red China

LAKE SUCCESS, Jan. 20.

THE UNITED STATES will today present to the United Nations Political Committee a resolution condemning Communist China as aggressors and calling for the withdrawal of her troops from Korea, American representatives here announced.

Vigilant delegates met last night and this morning to prepare a resolution to be submitted to the Security Council for its consideration. But it was understood that neither British nor Canadian delegates had reservations up to an hour last night.

Trygve Lie Talks With Bevin

LONDON, Jan. 20.

The United Nations Delegate arrived here from Paris this morning and visited the British Foreign Office yesterday. He referred to the latest ceasefire terms.

The British Government has decided, he said, that this would affect the Eastern countries.

Nations following China's reply, he said, that this would affect the Eastern countries.

The crisis appears over territory since 1945.

Reply From Russia

A group of alleged saboteurs has been imprisoned, two to twenty month's to 17 years.

Winnipeg said Britain's attitude toward the Chinese Communists in the United States are multiplying to find a solution.

The accusation that Communist leaden" with this theory.

U.S. Will Make 12,000,000 Tons More Of Steel

WASHINGTON, Jan. 20.

President Truman yesterday announced that the United States will now make 12,000,000 tons more of steel. The President said the move was "a good step toward meeting the war needs of the American people and the Allies in the war against Japan." The move will not affect the war against Japan in any way, the President said. The move will not affect the war against Japan in any way, the President said. The President said the move will not affect the war against Japan in any way, the President said.
