W.I. SELECTORS FACE PROBLEM

Arthur Wint Discusses W.I. Sport

BY O. S. COPPIN

I KNOW that all our cricket fans will join with me in saluting Mr. T. Woodfin, the President-elect, on his election as President of the M.C.C. I think it is now time for the M.C.C. to begin to play its part in the life of the game. The M.C.C. has not been as active as it should be in recent years.

I am not saying that the M.C.C. is not doing enough, but I think it could do more. One of the things that the M.C.C. could do is to increase the number of matches that it organizes. This would help to keep the game alive and to keep the interest of the fans.

The M.C.C. also has a responsibility to the players. It should provide more opportunities for players to play in high-class matches. This would help to improve the standard of the game and to attract more young people to the game.

I think the M.C.C. should also take steps to improve the facilities for players. This would help to keep the players healthy and to keep them on the field for longer.

I am sure that the M.C.C. will take these matters seriously and that it will do everything in its power to improve the game of cricket.

English Owner Would Like To Race In Barbados

AS TOLD TO "BOOKIE"

SPRING STAKES will be run for the major fixture in Barbados on the 21st of April. The race is for three-year-olds and over, and the prize money is £2,000.

The race is on the mile and a quarter and the going is firm. The field is expected to be small, and there are only a few runners entered so far.

The race is a good test of staying ability, and it is a good opportunity for owners to test their horses.

The race is a good test of staying ability, and it is a good opportunity for owners to test their horses.
