**FARM AND GARDEN**

**THE SOIL—by Agricola**

SOD is not only the foundation of agriculture but the basis of all human prosperity. Cornucopia may say, but it is not true. It is a fact that the foundation of agriculture is the maintenance of a good soil, which is incorporated into the growth of plants as well as into our own bodies.

**The Poetry Of Edith Sitwell**

By ROY CAMPBELL

In the very limit of sympathy, the morrow. She starts as a part of the sun, inevitable, in the sense of the sun. The sun is not a natural phenomenon, but a necessary part of the world. The sun is not only a symbol of life, but also of death. The sun is not only a symbol of warmth, but also of cold. The sun is not only a symbol of light, but also of darkness. The sun is not only a symbol of life, but also of death. The sun is not only a symbol of warmth, but also of cold. The sun is not only a symbol of light, but also of darkness.

**Those Ties are winners!**

- they're washable
- they're creme-resisting
- they're money-savers

Thanks to Tootal we can now own a tie to suit our needs and is really worth it. To help us decide which tie to pick, they provide a full range of colours and styles.

They're a good purchase indeed. It means that spring can come and we find the best at the right price and we don't have to worry about wearing ties that are not washable.
