IN THE MOTHER’S WARD most of the patients were lying, but the nurses had washed one and they were about to wash another. The doctors were also busy examining the patients, and the ward was noisy with the sound of conversation and medical equipment.

Public Budgeting
In the editor, The Advocate—

The budget for the year 1975 was discussed in both the Parishes and the Central Government. The editor of The Advocate pointed out that the budget reflected the government’s commitment to provide necessary services to the people. He also highlighted the importance of the budget in ensuring the economic stability of the country.

Budget for the New Year
The budget for the New Year was discussed in the Parishes and the Central Government. The editor of The Advocate pointed out that the budget reflected the government’s commitment to provide necessary services to the people. He also highlighted the importance of the budget in ensuring the economic stability of the country.

In the Casualty Ward the doctors were busy examining the patients, and the ward was noisy with the sound of conversation and medical equipment.

The Budget was being prepared for an operation.

A BABY being fed in the Maternity Ward. There are nine cots in this ward but only seven were being used.

A lady and a baby with a bottle in the Casualty Ward. The mother had two other children with her. She was very tired and she was feeding her baby.

The nurses were busy examining the patients, and the ward was noisy with the sound of conversation and medical equipment.

Sunday Opening

To The Editor, The Advocate—

The first Sunday opening in the year 1975 was held on the 31st of January. The event was well attended and the atmosphere was lively.
