SUGAR MILL, the Largest Factory in Barbados.

POUT IWO Spoonsful of Sugar! Why put quantities they put in lire small. Like it out of the tank and rise. So after much kneading, the skimmings of the other three cop-

ers, and pure ether, and the more copper it scum is dirty and gross. But the last lead into the th-

eral to lay to lead to the rollers draw them into the rollers, it is a good draught about with mil-

ing hold of one of the...
