Egypt Invited To Middle East Defence System

Cabinet Has Urgent Session On Four Power Notes

ALEXANDRIA, Oct. 13. THE Egyptian Cabinet's Inner Council met in an urgent session here today to discuss the Four Power notes inviting Egypt to join in the Middle East Defence Organization, and the separate British proposals over the future of the Suez Canal.

The British, French, United States and Turkish Ambassadors, who earlier had presented their notes to the Foreign Minister, Salah El Din Pasha, also conferred during the flurry of diplomatic and political activity here, which observers thought would continue through the week end.

The proposals came on the trail of Cabinet talks on how to cope with the latest Middle East development, which has taken the shape of the Four Power notes put forward last week by the United States, Britain, France and Turkey, offering Egypt a joint military alliance over the future of the Suez Canal, and the separate British proposals to amend the Suez Canal Treaty, which controls the passage through the canal.
