FARM AND GARDEN

GARDENING HINTS FOR AMATEURS

THE GARDEN IN OCTOBER

Seed-boxes and Seed-planting

The seed-box is the key to the garden.

In the garden of Stirling House, dated October 27, 1961

Seed-boxes and Seed-planting

Characteristics of these seed-boxes, which are available in hardware stores and garden centres, are:

1. Lightweight, making them easy to move.
2. Waterproof, protecting the seeds from moisture.
4. Durable, withstanding the elements and pests.

Seed-planting

Seeds should be planted in the soil when the danger of frost is past and the weather is warm and dry. The seed-box should be placed in a sunny, sheltered spot, away from drafts and cold air.
