The university is at 33701 SR 52, four miles east of I-75 (Exit 285). “This event would not be the success it is without the tremendous support we receive from the businesses in and around Pasco County who recognize that the quality of life in our community depends on the quality of our public schools,” said Chip Wichmanowski, executive director of the Pasco Education Foundation, Inc., in a news release.

AFTER-SCHOOL ART PROGRAM

The Dade City Center for the Arts has an after-school visual arts program for children age 8 through 18. The program is led by Diana Murcar. For more information about the offerings, call (352) 521-3823, visit www.dadcitcenterforhearts.org or www.thehighbowgallery.com or drop by the gallery at 14125 7th St. in Dade City or visit www.thehighbowgallery.com.

RAYS BASEBALL FOUNDATION GRANT

The Pasco-Hernando Community College Foundation received a $5,000 Rays Baseball Foundation Community Fund Grant to support Concept College, a PHCC outreach program that encourages non-traditional middle and high school students to consider opportunities in higher education. The PHCC Foundation was among 85 youth and education organizations competing for 15 Community Fund Grant awards.

The grant will enhance Concept College’s efforts to engage economically disadvantaged, disabled, and minority students as well as others who are at risk of failing or dropping out of school. Pasco County schools partners with PHCC to identify and encourage student participation in the program. For more information about PHCC’s Concept College program, call Marcia Kielar at 727-816-3244.
